WINSTON OF CHURCHILL by Jean Davies Okimoto

Churchill, Manitoba. It's the Polar Bear Capital of the World, and the tourists are in for a big surprise... Winston! Winston of Churchill, a fierce, brave bear teaches the other bears about why the ice is melting. Using the words of his famous namesake, Winston rallies the bears to convince humans to save the bears' arctic home.

Ice is Nice! shout the bears, but on the way to the protest march, Winston learns an unexpected lesson and comes to realize he must change his ways, too.

In *Winston of Churchill*, Jean Davies Okimoto and illustrator Jeremiah Trammell deliver a timely, heartwarming, and funny story about a serious topic, and show us all that in the face of global warming, everyone must do their part, no matter how small.
